| Camp Laurel | Town: Lebanon County: New London |
|--------------------|-------------------------------------|

Sprawling fields and rustic buildings combined with an intricate trail network set the scene for an amazing camp experience. Girls will explore their surroundings at Laurel while hiking, swimming, boating, and challenging themselves to try new activities. Rich with tradition, every girl will treasure the friendships forged and memories made at camp.

For girls looking to gain new skills, the horseback riding programs at Laurel are designed for all levels of riders. On the first day, girls' riding abilities are thoughtfully assessed, and they are placed into riding groups that allow them to work comfortably and confidently at their own pace. Safety is always the first priority. Bad weather and excessive heat may shorten the time that the camper is actually on horseback. If that happens, they'll work on other horse-related activities. Through this inclusive equestrian program, girls learn horse and stable care, including mucking stalls, feeding, grooming, and tacking horses, as well as work on assigned equestrian theory in between assigned riding rotations.

Special Needs Accommodated: All abilities are welcome. Please contact program director to discuss special needs or accommodations.

| Discovery Zone at Elmwood | Town: West Hartford County: Hartford |
|----------------------------------|---|

Offered in the air-conditioned comfort of the Elmwood Community Center, this camp is a happy hybrid between a regular recreation program and the more intensive support of Beachland Adventures. With a staff to camper ratio of 1:3, this camp is recommended for children with disabilities who are quite independent in the mainstream school environment and need a bit more support to fully engage with the camp experience. It would also be an excellent introduction to day camp for youngsters who are shy or anxious about the experience. Activities include outside games, outdoor water play, arts and crafts, playing with LEGO bricks and board games, and making new friends.

Special Needs Accommodated: The camp can accommodate children with special needs if children are capable of participation in an inclusive setting with only general assistance provided by special needs program staff. Please contact the Town of West Hartford Leisure Services' special needs coordinator, Dani Brown at (860) 561-8177 or Dani.brown@westhartfordct.gov regarding your child's participation in the program.
